

PRIYADARSHAN R

Civil Engineer

Experienced engineer with over 6 years specializing as a Planning Engineer. Proficient in managing projects such as a 380-flat, 19-floor multistorey residential building at CMK, and overseeing construction of industrial and commercial structures at URC. At Amaze, excelled in a quality control role focusing on industrial, commercial, and residential projects. Adept at project planning, coordination, and ensuring adherence to quality standards across diverse construction environments. Throughout my career, I have cultivated strong project management skills, demonstrating my ability to effectively plan, coordinate, and execute projects. I am confident in my capacity to contribute to and lead project management initiatives successfully.
